There's no other place in California like Carrville Inn. The moment you set foot on the property, you feel the present moment colliding with timeless history. You sense the stories of all those that came before you, and realize that YOU are now a part of Carrville's history. Come and create your own history with us.

Extensive renovations have retained Carrville Inn's historical charm and character while still providing modern amenities. The Inn's guest rooms are handsomely furnished with period antiques and family heirlooms. The surrounding sweeping lawns and flowerbeds can be enjoyed from both the upper and lower verandas. The rural setting and barnyard animals remind you that this is truly a Country Inn.

*Enjoy the rustic but elegant vibe!*

## **Meet the Owner and Facility Manager**

**Jennifer Bowman**

Jen has been enjoying Carrville for over 10 years as a guest. When the opportunity to purchase the property came up in 2021, it seemed a beautiful fit. She combines her 20 years of managerial experience with 10 years of wedding coordination to be a fantastic guide for your perfect day. She will work directly with you and your coordinator to ensure you have what you need for your event. Her team will be present the event day to manage the facility and ensure everyone treats the property with the respect it deserves while enjoying its beauty and amenities to the fullest.

# FAQ

## **Can we have our rehearsal dinner on the property?**

Yes! You can have your rehearsal dinner at our property! We encourage you to use this space as you need for the entire weekend, making this a destination wedding.

## **What is the weather like in Coffee Creek?**

We are usually 10-15 degrees cooler than Redding, CA, and can cool off considerably in the evening. We suggest layers for your guests.

## **Is alcohol allowed on property?**

Yes, we allow beer and wine to be served, and you may bring it in for your guests. Of course, you are responsible for your party and to assure all that consume are of legal drinking age. Hard alcohol is allowed to be served at your event only with a licensed and insured bartender. We have recommendations we can provide.

## **Do you have a space indoors in case of poor weather?**

Unfortunately, we do not have a way to move your event inside. We do have partners in the area that can provide back up plans if you would like to pursue this.

## **How far are you from lodging?**

There are houses for rent and hotels within a 20-30 minute drive. Weaverville offers many accommodation options approximately 45 minutes away.

## **Can I have a weekday wedding?**

We currently book family reunions and corporate retreats during the week, but you are welcome to inquire. If the date is open, we would allow for a weekday wedding.

## **Do I need to rent a tent for shade?**

No. Our primary areas are well shaded by our lovely trees from mid-afternoon to evening. When doing your site visit, we are happy to discuss other options if you are concerned.
